This recently completed mountain hideaway, with 7 acres is just the ticket for someone wishing to escape the rat race, and enjoy the quiet and solitude of the mountains. This charming bungalow has an open floor plan, and each bedroom has its own balcony overlooking the unspoiled forests surrounding the home, while listening to the rushing waters of Oil Camp Creek. This home is great as a weekend getaway or either a full time residence. Located just a stones throw from Jones Camp State park. This is also the Gap Creek area, a beautiful, secluded valley that has not felt the touch of a developer. It is a hidden gem of the upstate, crisscrossed with numerous creek and streams that make for a very serene landscape. This property will be surveyed from a larger tract that will have 7+-acres.
